

# AQSA IQBAL

WEB DEVELOPER

## ABOUT ME

I am currently pursuing a Pharm.D degree, passionate about healthcare and pharmaceutical sciences. I completed my FSC from Bahria College with an A+ grade. I am also enrolled in the Governor Sindh Initiative on Cloud and Applied Generative AI, exploring how AI and cloud technologies can transform healthcare. I am eager to combine my pharmaceutical knowledge with technology to improve patient care and contribute to innovations in the healthcare industry.

## WORK EXPERIENCE

As a Student at GIAIC, I am actively engaged in learning cutting-edge technologies such as Generative AI, Metaverse, Blockchain, Web 3 and Tailwind CSS, Additionally, I have developed proficiency in Javascript, Typescript, Next.js, HTML and CSS. My coursework and project emphasize hands-on experience allowing me to build essential skills in modern web development framework and technologies , even though I am currently expanding my experience in the field.
